Testimonial letter for JP Office Furniture Limited

During 2008 the school was having a major makeover with a £1.2 million build on and the school's new office suite (Administration, Reception, Pastoral Care, Senior Leadership Team and Head Teacher) required furnishing.

Following an appropriate tender process being applied, JP Office Furniture Limited was awarded the contract and the company proceeded to provide a professional service, consulting with the school regularly regarding the design and installation of the new office furniture.

Overall, JP Office Furniture Limited provided an extremely efficient service, meeting all timelines and supplying/installing quality furniture fit for purpose. All staff of the company were polite/proficient in their dealings with the school and also extremely flexible in accommodating additional works to be undertaken and other.

We have no hesitation whatsoever in recommending JP Office Furniture Limited to any potential customers.

Sports Achievement Award 2006
